About

Hello, I'm Madeleine — a designer with a penchant for pixel perfect designs. Both in professional and personal spaces (take my colour coded closet as proof) I like order and structure within my creative work flow. My strengths are my empathy, creativity and love for making things beautiful, but also functional.

In my personal life I have always had a love for artistic expression, in movement through gymnastics, dance, yoga and circus training; and in visuals through acrylic painting, digital illustration, and photography.

Skills

Software Figma, Photoshop, Illustrator, InDesign, XD, and Lightroom.

Photo Equipment Canon cameras and accessories, retouching and color grading.

Photography

Wedding, Portrait, Product, Food & Event

30 weddings & engagements. Agency and freelance work within a variety of industries.
2011 to Present
